International Synchronized Skating Mixed Age Trophy

Basel - Switzerland, April 2, 2022

Welcome to Basel

On behalf of the Organizing Committee and the Skating Club beider Basel I welcome you to the International Mixed Age Trophy in Synchronized Skating. We are proud to run such an important international competition in Basel and to give the Mixed Age teams the opportunity to show their performances in front of a crowd of enthusiastic people. We hope that this competition will become an unforgettable event for the skaters as well as for the visitors.

The Skating Club beider Basel was founded in 1931 and therefore has a very long tradition in all disciplines of skating. Synchronized Skating however, even though the youngest of the disciplines, is fascinating the visitors with its precise and dynamic presentations, creative choreographies and finally the emotions shown by the team members. With the organization of this event, we hope that many more skaters will be motivated to be part of a successful team and dream of winning a competition.

We welcome all skaters in the beautiful city of Basel and wish each team lots of luck and success during the competition. We hope that all the hard work of skaters, coaches and supporters in the last months and years will contribute to a positive result at the end of the season.

I thank all sponsors for their generous financial support, as well as all members of the Organizing Committee and the volunteers working in the background for all their time and efforts invested in this competition.

Enjoy the days in Basel and this competition.

Urs Foelmlí
